## First Act iPod Docking Station Doubles as a Guitar Amp

The **First Act** DK1000 Stereo Docking Station for [iPod](#) is not just a docking station but also an amp! Plug in either your electric guitar or acoustic and you can jam right along with the tunes off your iPod. Crank it up and experience 40 Watts of RMS power through a full range of speakers and dynamic tweeters. The dock will charge most iPods and the best thing is long after you give up your rock star fantasies you'll still have one awesome iPod docking

station to brag about. The **First Act DK1000 Stereo Docking Station** for iPod retails for \$99.99 at Amazon.
